

## YOUR MAJESTY...

Imagine that you are Admiral Coligny, leader of the French sailing fleet and a Huguenot. You want to convince French King Charles IX to allow the Huguenots passage to Florida to start a colony. The building blocks for your argument for establishing the colony are the three benefits to France of God, gold, and glory. Address the king persuasively using these three reasons by writing your claims on the parchment below. Don't forget to address the king appropriately!
